Dear Sir or Madam,

I am writing this letter after the moment advertisement had caught my eyes. I have been searching for a pleasant job, for a myriad of time. As you might know nowadays it is difficult to get something to do that you adore, especially if you are student or teenager. ~~First an~~

First and foremost, there is a pretty huge number of reasons why I want this work. Namely, as I am graduating in two years, my parents advised me to save money for my needs. Therefore, despite the fact that I am brilliant learner at school, I would need working experience in my diploma.

Secondly, everyone in town ~~knows~~ ^{informed} that no one except me knows this town, ^{letter} since I have been living here for whole life. As a matter of fact I am fast-learner and in my point of view I am more capable to do this kind of job with relevance. Taking all arguments mentioned into above, I can consider that I can do local tour guides without a doubt.

Thirdly, last but not least, I had as an individual who had experienced not that much in his certain years, I can tell the moment when I had to deal with the problem that could be needed in my review. We were in a school trip to local history park. Unfortunately, our guide was left and I am among all the youngsters took the situation under control and introduced them with monuments.

In a nutshell, I ~~might~~ ^{am} be confident in to making it work with this job.

Sincerely, Adelina

Dear Sir, I am much obliged for your offer advertisement for high school students. Nowadays there are a lot of advertisements like this and I am so glad there are many opportunities for high school students to build their experience of a high school, of their teenage times, also they build experience of working, volunteering, helping and it might be so helpful in their future and career. As well as students who is applying to the tourism office, I am going to apply too. I have been volunteering for couple of years from now and I already had an experience working with people, children, even animals. Moreover, I also understand some disadvantages of this. Nonetheless it takes time, students ^{will be} ~~are~~ working for no salary, no money, bullying from other students, misunderstanding and conflicts with people. Even though, I am sure I will be great with it, and I will not have problems. I want to apply for it because (people, children) this time I will be able to communicate with tourists, visitors who want to visit and observe our city. I hope it will be delightful because being a volunteer is a feeling. I am high school student and spending time, being in a team with people around your age is so useful at some point, you all can match each other feelings, jokes, vibes. In addition there is also a chance to know a lot more about my city.

In conclusion, bringing all people together and spending time, helping people ~~are~~ one of the best things to do, and this activity is the greatest thing to do.

School library satisfaction report.

11/09/2024 the Hillerska high school administration ran a survey about students' overall satisfaction and opinion about school library. 592 students were surveyed and the overall satisfaction rate fluctuated between 5.9 and 6.5 out of 10 among classes.

Roughly four fifth ($\frac{4}{5}$) of the students surveyed gave a mark higher than 5.0. According to them, the thing they liked about the library the most is what so called "A chill zone", a relaxation zone with sofa and entertainment. The statistics have shown that less than 16% of students go to the library to actually study and borrow books instead of taking a rest or hanging out with classmates. Therefore, expanding the "chill zone" was suggested.

Nevertheless, the library stock should be taken into account as well. The majority of students complained that books are old and are becoming fragile, making it hard to keep the book structure sustainable. Consequently, the school office should consider re-stocking books. Moreover, the least used facilities of the library were recognized: they are computer section, conference hall and newspapers archive section. These sections were suggested to re-organize for the school office as well.

Generally, the students are mainly satisfied with the current state of library, excepting some minor inconveniences. The main advise for the administration is to re-consider library structure as well as emphasizing on a relaxation zone with its expanding. This zone can be re-constructed after removing unused sections. These were the main aspects and highlights of a recent survey.

Dear our school headteacher!

I'd like to write a report with suggestions about how to develop our library facilities. Accordingly, telling benefits and disadvantages of the library.

First and foremost, it is a good thing that we have a cameras in the library room, since it helps to develop security and watch if someone stollled the precious books. Secondly, it is really convinient that we have soft sofas and chairs. For instance, if students have a bad day or when they are exhausted it helps them to relax and read their favourite book. That's advantages that we currently have. However, there are some problems that exist.

On the other hand, the heaters in the library are really weak. Especially, when it is winter it is hard to students to work on freezing room. Besides, the library workers are extremely rude for students who eats there. Furthermore, they are only polite for teachers and everything accesable only for them which makes me not satisfied.

Consequently, I would like to reccoment to listen our suggestion to solve this problems. For instance, we need to provide warm heaters on the winter, make available to bring our food there and be polite to each other.

Our city is not so big and developed, so teenagers as me do not have much options of some amusements. There is some good places, parks, malls, stores, but me and my friends prefer to spend time in the cinema.

Here, in Oral we have three cinemas to choose from and in my opinion the best one is "Cinema Park" located in one mall named "City Center". It is pretty popular among teens, consequently it is really crowded. In addition, when you enter in cinema, you see a lot of posters related to movies, soft sofas to sit and wall to make photos. There is a place to buy some snacks and small rooms if you want to play games on playstation.

As this is cinema, we watch films and it is really fun, especially when we are joking, while watching horror films or discuss about the plot, actors and our emotions. I really love this moments, when we are together.

It was a sunny day, and everything seemed perfect until I heard a loud noise. I looked around, and nothing seemed off, but 5 seconds later I saw a big truck driving fast as crazy into my direction. I was already scared and traumatized by fast cars, so it was just like my most unwanted and scariest dream coming true. It felt like my body was frozen and I couldn't even shout for help. I closed my eyes and begged god to save me. I heard my mom's voice calling me to wake up, I already knew, I was in heaven. When I finally opened my eyes, I was in my bed. I could not believe how I teleported here and (say) oh god! It was just a bad dream. The voice calling me, was actually my mom making sure I am awake and ready to go to school.

As the school holidays starting in a few days, my friends gathered around my house to discuss our plans for the next week. Eventually, when our thoughts and interests came together, we chose our favorite place - the central activity park. It has opened couple months ago, so we decided that it would be an amazing experience to enjoy it for the first time.

It is located in the center of the town, so that was not a big problem to get there. The park is massive, you will need at least a day to see all of the provided activities. As you enter the park, you are welcomed with a special sounds from the popular cartoons, and you can already see incredible roller coasters, game rooms and water park.

The park offers you a big range of (activities) activities, such as swimming, painting, dancing and singing. But if you are not adventure-friendly, the park can recommend you drawing, film-watching or pottery. Also, there is a fascinating zoo-park, where you can meet animals and spend a wonderful time with your friends or family. Lastly, you can go to the park and enjoy the real natural (park) world, with the singing birds and flowing river. By the end of the day, we were suggested to climb up to the mountains, to see the breathtaking view that was covering the park entirely. With no doubt, I liked this trip. I like this place because ^{there} you can find your favorite activity or make new ones. Also, there you can try yourself in a different activities, as it helps you to find your favorite hobby. Go there, to experience the summer of a lifetime!

Hi Miya! How is that going?

You are preparing to go to the park today, aren't you?
Well, im writing this because I eventually have crashed
all our plans. I have a lump in my throat saying
telling that, but I can't go out with you today!

But before you'll get upset, let me explain why.
The main reason is that I can't leave my home
now. So, I ~~wook~~ woke up in a great mood
with singing of birds. I went to shower as usualy
And as soon as I started (getting) washing my hair
with a shampoo, the water was turned off!
I was upset, walking out of the bathroom with
a bunch of shampoo foam on my head. Then, all of
a sudden, I felt rain ~~dro~~ drops falling on my skin.
How did I had a rain in my apartment? Well, turned
out to be that the reason to this was my neighbor.
She forgot to turn off the water, and left her house!
So the water that filled her flat, ~~started~~ to integated in
mine. I had called electric-man before my flat filled with
water. He ~~came~~ came and somehow stopped the pouring
water, when I was calling my neighbor.

Yeah, that's a wild ~~starting~~ way to start the day!
I hope you got me, however, im sorry that we have
to cancell our meeting. But let's meet on Friday
afternoon this week. Okay? ~~to~~ I'm waiting for your
font answer. Bye-bye.

Now I want to talk about one of the best, favourite for people opinion place to meet with your friends. This place located in the center of the city, and it's the highest, the most popular place in Ural'sk, Kz. It is named "City Center", shopping mall.

"City Center" full of a lot attractions, like "Fanky town" with best chose for fun moments. If you are a student for 7-10 years old. this place will give emotions, good memories with friends. Also near the "Fankytown" have the biggest cinema. Cinema always has comfortable chairs, a lot food, new films. You can go if you love calm holiday types, take some pictures, watch a movie, e.t.c. Actually, shops lead "City Center", (walking) choosing new clothes, walking with your besties. In my opinion it's not the best one, but it's also not so bad. Honestly, I love walking in library shops and recommend each other books with we read before, going to the cinema is base and eat a lot deliciouse fast food.

I love my friend and spending time with them. The worse thing is time, that spends always very fast. I can go everywhere with them and know that it would be the best time. So, in conclusion the place also important for meeting, some memories. You would remember it. I really recommend you to try and take a part, go to the best place "City Center". I wish you have good time!

Hello, I am so sorry for this, but I can't hang out with you to the park this afternoon. There are many reasons for this, and I can explain them on message. I hope that you will understand me.

In the morning I had a breakfast with my mom, and I said that I will go to the park with you. She looked at me and said, that I won't go with you. Because, in the afternoon she had invited to the birthday party, and you know that I have a little brother, and she can't leave him alone at home, because he is only 3 years old. Also, she said that I need to clean my house, specially my room, because my room is very messy. So, today I will look after my little brother, like I will play with him and give him soup for a dinner, and exactly I'll clean my house. I think today is going to be a very productive but boring day.

But I can suggest to you another day to meet. Let's meet on Friday evening. Evening because, mom said that you can stay for a night in our home. We can watch horror movies, do make-up to each other or we can cook. So you can move on at 7:00 pm or whatever time that comfortable to you.

I say sorry again for that, I hope that you understand me and my reasons. I can't wait Friday evening, see you!

Nowadays, one of the hardest thing for students in school is to balance their schoolwork and free time. In this article we will find the best solution for this problem.

First of all, every one, especially parents, should know that sometimes, schoolwork might be very overwhelming. On their way to succeed, students forget the importance of free time. Having a free time is as important as sleeping. Because, not having enough rest can lead to many mental and physical problems, such as, depression. Nevertheless, finding free time is not so easy.

The amount of free time you will have is depended on how early you started doing schoolwork. As most students deal with procrastination, they often start their schoolwork very late, which leads to no free time. So, the ~~more~~ earlier you start and finish your schoolwork, the more free time you will have.

In conclusion, there are many ways and advices of how to regulate schoolwork and free time. Managing your schedule will not only make you healthier, but will improve your grades.

Nowaday, I am spending lots of time with my friends, exactly with classmates. Usually we do not plan our activities for the weekends or holidays. We just choose one place, where we will go first. Most of time we go to "Ledovyi Dvorec". It is a ^{ice skating} (skating) center in the center of our city. This is a huge center, where you can find area for ^{ice skating} (skating), places where you can buy tickets and bring special shoes and if you are hungry, you can take a coffee from machine or buy something in cafeteria in second floor. ^{Ice skating} (skating) area is not so small, but always crowded. For skating, we always buy tickets for two hours and ^{skate} (skating) until the time will finish. The reason why we are going there is that it works not only in winter, also in autumn, maybe in spring too.
